MACHINE CUT JEERA

## About Us

With deep pleasure we, Ritesh Mohanlal & Co., would like to introduce ourselves as one-stop-destination for agricultural food ingredients and spices. Long back in the year 1999, the foundation stone of our company was laid and since then, we are evolving on a fast pace as Manufacturer, Exporter, Trader and Supplier. It is because of our good reputation in the market that whenever there is a requirement of products like Indian Spice Seeds, Whole Spices, Cumin Seeds, Souff, Sesame Seeds, Black Sesame, Ajwain, Mustard, Jeera etc., our customers prefer choosing us over the rest. Most importantly, we take the quality of our products very seriously and hence, at our end we never compromise with our products purity or quality. We have two productive manufacturing plants and hence, interested dealers can purchase these products from us in bulk quantities or tones without any problem as we are capable of meeting with their requirements.

Based in a prime location Gujarat, India, we, Ritesh Mohanlal & Co., were established in the year 1999. In these years we have developed a strong and reliable position in the market as a Manufacturer, Supplier, Exporter and Trader. The products we offer include Cumin Seeds, Black Sesame, Mustard Seeds, Jeera, Ajwain and plenty more. Directly from the farms we source their seeds and then the complete cleaning, processing, manufacturing is carried out in our plant. We have hired a diligent team to take care of all these processes. Over the years, we have progressed as well as developed as the customer-centric, market-driven, technology-based and quality-conscious entity. We look forward to take our country to a formidable position in world spice trade. Since our company is based in Gujarat, we ensure that our spices reflect the peculiar taste when included in the tradition recipes.
